## DR. THIERRY HERTOGHE

Author of 22 books, Dr. Thierry Hertoghe is a world-renown medical doctor whose goal is to develop a global healthy aging and longevity movement with hormone and nutritional therapies. He is a speaker for now 37 years and has lectured at more than 190 major conferences in 32 different countries. Dr. Hertoghe is a global influencer and pioneer for scientific research, health professionals, and patients. He also holds important positions in major international and national medical organizations.

Dr. Thierry Hertoghe is president of three societies:

**The World Society of Anti-Aging Medicine (WOSAAM)**, leading international scientific medical Association for Anti-Aging/Lifespan Medicine (more than 7,000 members).

**The International Hormone Society (IHS)**, the third biggest international hormone society with over 2,500 doctors from all over the world.

**The Hertoghe Medical School** counting more than 515+ certified students.

Arte Medica Dialog is a forum of experts for medical training and education in holistic biological medicine, such as individual hormone therapy, orthomolecular medicine and Traditional Chinese Medicine. Our events communicate expert knowledge by and for doctors in an interdisciplinary dialogue. Renowned speakers share their professional expertise with seminar participants and communicate the most up-to-date methods from their practice and experience.

### DECLARATION OF NEUTRALITY

The content of this event will be product and service neutral. We confirm that the scientific management and the speakers disclose potential conflicts of interest towards the participants. The event is not sponsored. The total expenses of the event are around 28,000 euros. Arte Medica Dialog is based at the FIZ, the Frankfurt Innovation Center Biotechnology.
